Training

- We seek out training opportunities for staff and volunteers to enable them to develop practices which enable all children to flourish.
- We review our practices to ensure that we are fully implementing our policy for equality and diversity.

Curriculum

The curriculum offered in the nursery encourages children to develop positive attitudes to people who are different from themselves. It encourages children to empathize with others and to begin to develop the skills of critical thinking.

We do this by:

- Making children feel valued and good about themselves;
- Ensuring that children have equality of access to learning;- Reflecting the widest possible range of communities in the choice of resources;
- Avoiding stereotypes or derogatory images in the selection of materials;
- Celebrating a wide range of festivals;
- Creating an environment of mutual respect and tolerance;
- Recognising the different learning styles of girls and boys, making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop skills and abilities;
- Helping children to understand that discriminatory behaviour and remarks are unacceptable;
- Ensuring that the curriculum offered is inclusive of children with special educational needs and children with disabilities; and
- Ensuring that children whose first language is not English have full access to the curriculum and are supported in their learning.

Valuing Diversity in Families

- We welcome the diversity of family life and work with all families.
- We encourage children to contribute stories of their everyday life into the pre-school.
- We encourage parents/carers to take part in the life of the pre-school and

to contribute fully.

- For families who have a first language other than English, we value the contribution their culture and language offer.
- We offer a flexible payment system for families of differing means.
- We work in partnership with families to ensure we can include their languages and cultures within the setting and the curriculum. We ask parents to provide key words in languages other than English.

Food

- We work in partnership with parents to ensure that the medical, cultural and dietary needs of children are met.
- We help children to learn about a range of food, cultural approaches to mealtimes and eating and to respect the differences among them.
